PROFILE SUMMARY

Personal Attributes: Recognized for outstanding technical leadership. Known for creative problem-solving, persuasive communication, and a passion for teamwork. Garnered accolades and awards for consistently meeting and exceeding performance standards. organizational excellence, empowering leadership, and a commitment to collaborative initiatives.

PROJECTS

DEVELOPED A WIRELESS THREE LEVEL CONTROLLED SMART IRRIGATION SYSTEM USING IOT AND ARTIFICIAL INTELLIGENCE TO REDUCE THE USE OF WATER AND NON-RENEWABLE SOURCE OF ENERGY WITH MORDERN TECHNOLOGIES USING MACHNE LEARNING AND IMAGE PROCESSING

In our proposed method the Weed detection and removal are based on image processing Developing an autonomous weed removal robot which will mitigate the problem of excessive herbicides, and harmful chemical usage and to overcome labor shortage problems in farm field.

Developed a dynamic website for a company using Html,Css,and React.js and Javascript.Where users can go through the companies working and what kind of product they deal with and connect with them if the customer requires.

TECHNICAL SKILL SETS

- ✓ C
- ✓ C++
- ✓ HTML&CSS
- ✓ JAVA
- ✓ React.js
- ✓ SQL
- ✓ JAVASCRIPT

EDUCATION

- **2021 -2025**
  SETHU INSTITUE OF TECHNOLOGY
  B.E (COMPUTER SCIENCE)
  CGPA -7.8(TILL 6TH SEM)
- **2020 - 2021**
  VMJ HIGHER SECONDARY SCHOOL
  12TH GRADE
  SCORE - 82%
- **2018 - 2019**
  VMJ HIGHER SECONDARY SCHOOL
  10th GRADE
  SCORE - 74%

DISTINCTIONS

Achievement: Participated in various technical symposiums and won prizes
Leadership: School Basketball team captain and served as captain & vice captain for my house
Community: Rotract club
Involvement: Organized various club activities and technical events.
